The project is identified as the Blain Street Water Tank Removal, located at 1380 Market St. in the City of Ste. Genevieve, (hereinafter called "Project")

WITNESSETH:

The Contractor and the Owner, for the consideration set forth herein, agree as follows:

ARTICLE I

The Contract Documents

The Contract represents the entire and integrated agreement between the parties, and supersedes prior negotiations, representations and agreements, whether written or oral. An enumeration of the Contract Documents, other than Modifications, is set forth in Article X.

ARTICLE II

Scope of Work

The Contractor, acting as an independent contractor, shall faithfully and fully perform the Work described in, and shall do everything required by, the Contract Documents or reasonably inferable there from, for the complete construction of the project. The Contractor represents and warrants that he has special skills which qualify him to perform the Work in accordance with the Contract and that he is free to perform all such Work and is not a party to any other agreement, written or oral, the performance of which would prevent or interfere with the performance, in whole or in part, of the Work.

ARTICLE III

Time of Completion

(a) All time limits stated in the Contract Documents are of the essence. The Work to be performed under the Contract shall be completed by August 31, 2023.

(b) Contractor shall pay, as liquidated damages and not as a penalty, the sum of **\$100** for each consecutive calendar day after the Final Completion date that the Work has not

been completed. The total amount so payable to the Owner as liquidated damages may be deducted from any sums due or to become due to Contractor from Owner.

ARTICLE IV

The Contract Sum and Payments

The Owner agrees to pay, and the Contractor agrees to accept, for the performance of the Contract, the sum of **thirty-five thousand, two hundred forty dollars & no cents (\$35,240.00)** subject to additions and deductions as provided in the Contract Documents. Based upon completion, final payment within 30 days after the Work is fully completed and accepted by the Owner and the Contract is fully performed.

ARTICLE V

Performance of the Work

(a) Within 45 days after being awarded the Contract, the Contractor shall prepare and submit for the Owner's approval, (1) a Construction Schedule which Construction Schedule shall indicate the dates for starting and completing the various stages of construction, and (2) a Traffic Control Plan indicating the location of all proposed signage, detours, road closures throughout the Project which adequately address the Traffic Control Plan of the proposed Work. All traffic control shall be according to the standards of the latest edition of the Manual on Uniform Traffic Control Devices developed by the Federal Highway Administration. No Work will commence until the Contractor's Schedule and Traffic Control Plan is submitted and approved by the Owner.

(b) Completion of the Work in accordance with the time limits set forth in the Construction Schedule is an essential condition of the Contract.

(c) If the Contractor falls behind the Construction Schedule for any reason, he shall promptly take, and cause his Subcontractors to take, such action as is necessary to remedy the delay, and shall submit promptly to the Owner for approval a supplementary schedule or progress chart demonstrating the manner in which the delay will be remedied; provided, however, that if the delay is excusable under Article VI hereof, the Contractor will not be required to take, or cause his Subcontractors to take, any action which would increase the overall cost of the Work (whether through overtime premium pay or otherwise), unless the Owner shall have agreed in writing to reimburse the Contractor for such increase in cost. Any increase in cost incurred in remedying a delay which is not excusable under Article VI hereof shall be borne by the Contractor.

ARTICLE VI

Delays Beyond Contractor's Control

(a) If the Contractor fails to complete the Work in accordance with the Construction Schedule as a result of the act or neglect of the Owner, or by strikes, lockouts, fire or other similar causes beyond the Contractor's control, then, and to the extent of such delays, the Contractor shall not be required to pay liquidated damages to the Owner pursuant to Paragraph (b) of Article III hereof, provided the Contractor uses his best efforts to remedy the delay in the manner specified in Paragraph (c) of Article V hereof. If, as a result of any such cause beyond the Contractor's control, the delay in completion of the Work in accordance with the Construction Schedule is so great that it cannot be remedied in the aforesaid manner, or if the backlog of work is so great that it cannot be remedied without incurring additional cost which the Owner does not authorize, then the time of completion and the Construction Schedule shall be extended pursuant to a Change Order for the minimum period of delay occasioned by such cause. The period of delay and extension shall be determined by the Owner.

(b) Notwithstanding the foregoing Paragraph (a), no extension of time shall be granted for any delay the cause of which occurs more than seven (7) days before claim therefor is made in writing by the Contractor to the Owner, and no extension of time shall be granted if the Contractor could have avoided the need for such extension by the exercise of reasonable care and foresight. In the case of a continuing cause of delay, only one claim is necessary.

(c) Weather may constitute a cause for granting an extension of time.

(d) Except to the extent that a delay is caused by the Owner, the Contractor's sole remedy shall consist of his rights under this Article VI.

ARTICLE VII

Changes in the Work

(a) The Owner may make changes within the general scope of the Contract by altering, adding to or deducting from the Work, the Contract Sum being adjusted accordingly. All such changes in the Work shall be executed under the conditions of the Contract. No extra work or change shall be made except pursuant to a Change Order from the Owner in accordance with the General Conditions. Any claim for an increase in the Contract Sum resulting from any such change in the Work shall be made by the Contractor in accordance with the General Conditions.

(b) If the requested change would result in a delay in the Construction Schedule, the provisions of Paragraph (c) of Article V and of Article VI hereof shall apply. If the requested

change would result in a decrease in the time required to perform the Work, the completion date and the Construction Schedule shall be adjusted by agreement between the parties to reflect such decrease.

(c) Any adjustment in the Contract Sum for duly authorized extra work or change in the Work shall be determined based on the unit prices previously specified, to the extent such unit prices are applicable. To the extent such unit prices are not applicable, the adjustment in the Contract Sum shall, at the option of the Owner, be determined by an acceptable lump sum properly itemized and supported by sufficient substantiating data to permit evaluation, or by an acceptable cost-plus percentage or fixed fee.

ARTICLE VIII

Termination by Owner

(a) If the Contractor is adjudged a bankrupt, or if the Contractor makes a general assignment for the benefit of creditors, or if a receiver is appointed on account of the Contractor's insolvency, or if the Contractor persistently or repeatedly fails, except in cases for which extension of time is provided, to make progress in accordance with the Construction Schedule, or if the Contractor fails to make prompt payment to Subcontractors for material or labor, or persistently disregards laws, ordinances or the instructions of the Owner, or otherwise breaches any provision of the Contract, the Owner may, without prejudice to any other right or remedy, by giving written notice to the Contractor and his Surety, terminate the Contract, take possession of the Work and of all materials and equipment thereon and finish the Work by whatever method the Owner may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Sum shall exceed the expenses of finishing the Work, including additional architectural, managerial and administrative expenses, such excess shall be paid to the Contractor. If such expenses shall exceed the unpaid balance of the Contract Sum, the Contractor shall pay the difference to the Owner promptly upon demand.

In the event of termination pursuant to this Paragraph, the Contractor, upon the request of the Owner, shall promptly assign to the Owner in the manner and to the extent directed by the Owner all right, title and interest of the Contractor under any subcontracts, purchase orders which the Contractor is a party and which relate to the Work.

(b) Performance of the Work hereunder may be terminated by the Owner by giving three (3) days prior written notice to the Contractor if the Owner, in its sole discretion, decides to

discontinue or suspend construction. In the event of such termination, as opposed to termination pursuant to Paragraph (a) of this Article VIII, the Contract Sum shall be reduced in an equitable manner by agreement between the parties. The Contractor will not be entitled to payment of profit on work not performed.

ARTICLE IX

Contractor's Liability Insurance

The Contractor shall purchase and maintain in full force and effect the following insurance coverage with an insurance carrier acceptable to the Owner:

The policy shall be endorsed to cover the contractual liability of the Contractor under the General Conditions.

The Contractor and his Subcontractors shall procure and maintain during the life of this Agreement insurance of the types and minimum amounts as follows:

OWNER-CONTRACTOR AGREEMENT

This is an Agreement made and entered into the _____ day of _____, 2023, by and between **City of Ste. Genevieve** (hereinafter called the "Owner") and **Jokerst, Inc.**, a corporation with offices located at 16444 Highway 32, Ste. Genevieve, MO 63670, (hereinafter called the "Contractor").

The project is identified as Water Main Improvements, located in Ste. Genevieve, MO, Project No 23-9450, (hereinafter called "Project")

The Engineer is Cochran, located at 530A East Independence Drive, Union, Missouri 63084 (hereinafter called the "Engineer").

WITNESSETH:

The Contractor and the Owner, for the consideration set forth herein, agree as follows:

ARTICLE I**The Contract Documents**

The Contract Documents include the Conditions of the Contract (General Conditions of Owner-Contractor Agreement, Supplementary Conditions and other Conditions), State Wage Determination, Non-Collusion Affidavit, Performance and Payment Bond, Drawings, Specifications, the Construction Schedule, all Addenda issued prior to the execution of this Contract, and all Modifications issued after execution of this Contract, which together with this Agreement form the Contract, and are all as fully a part of the Contract as if attached to this Agreement or repeated herein. All definitions set forth in the General Conditions of Owner-Contractor Agreement are applicable to this Agreement.

The Contract represents the entire and integrated agreement between the parties, and supersedes prior negotiations, representations and agreements, whether written or oral. An enumeration of the Contract Documents, other than Modifications, is set forth in Article X.

ARTICLE II**Scope of Work**

The Contractor, acting as an independent contractor, shall faithfully and fully perform the Work described in, and shall do everything required by, the Contract Documents or reasonably inferable therefrom, for the complete construction of the project. The Contractor represents and warrants that he has special skills which qualify him to perform the Work in accordance with the Contract and that he is free to perform all such Work and is not a party to any other agreement, written or oral, the performance of which would prevent or interfere with the performance, in whole or in part, of the Work.

ARTICLE III**Time of Completion**

(a) All time limits stated in the Contract Documents are of the essence. The Work to be performed under the Contract shall commence within seven (7) consecutive calendar days of the date of the written Notice to Proceed from the Owner to the Contractor. The base bid shall be completed within **45** consecutive calendar days from and including the date of said written Notice to Proceed, subject to adjustments of this Contract Time as provided in the Contract Documents. Additional time will be added with the additional alternates. The amount of time is as follows:

Alternate No. 1: 15 days

Alternate No. 2: 30 days

(b) Contractor shall pay, as liquidated damages and not as a penalty, the sum of **\$750.00** for each consecutive calendar day after the Final Completion date that the Work has not been completed. The total amount so payable to the Owner as liquidated damages may be deducted from any sums due or to become due to Contractor from Owner.

ARTICLE IV

The Contract Sum and Payments

The Owner agrees to pay, and the Contractor agrees to accept, for the performance of the Contract, the sum of **Three Hundred Forty-Two Thousand, Six Hundred Four Dollars and Sixty-Five Cents (\$342,604.65)**, subject to additions and deductions as provided in the Contract Documents. Based upon proper Applications for Payment submitted by the Contractor to the Owner on or before the twentieth day of the month for Work performed, payment will be made in the form of progress payments as follows and as provided elsewhere in the Contract Documents:

(1) On or about the tenth day of each following month, ninety-five percent (95%) of the portion of the Contract Sum properly allocable to labor, materials and equipment incorporated into the Work, and ninety-five percent (95%) of the portion of the Contract Sum properly allocable to materials and equipment suitably stored at the site to be incorporated into the Work, through the period ending up to the twentieth day of the preceding month, less the aggregate of all previous progress payments;

(2) Final payment within 30 days after the Work is fully completed and accepted by the Owner and the Contract is fully performed.

ARTICLE V

Performance of the Work

(a) Within 10 days after being awarded the Contract, the Contractor shall prepare and submit for the Owner's approval, (1) a Construction Schedule for the Work in a Gantt Chart format, which Construction Schedule shall indicate the dates for starting and completing the various stages of construction, and (2) a Traffic Control Plan indicating the location of all proposed signage, detours, road closures throughout the Project which adequately address the Traffic Control Plan of the proposed Work. All traffic control shall be according to the standards of the latest edition of the Manual on Uniform Traffic Control Devices developed by the Federal Highway Administration. No Work will commence until the Contractor's Schedule and Traffic Control Plan is submitted and approved by the Owner.

(b) Completion of the Work in accordance with the time limits set forth in the Construction Schedule is an essential condition of the Contract.

(c) After commencement of the Work, and until final completion of the Work, the Contractor shall report to the Owner at such intervals as the Owner may reasonably direct, the actual progress of the Work compared to the Construction Schedule. If the Contractor falls behind the Construction Schedule for any reason, he shall promptly take, and cause his Subcontractors to take, such action as is necessary to remedy the delay, and shall submit promptly to the Owner for approval a supplementary schedule or progress chart demonstrating the manner in which the delay will be remedied; provided, however, that if the delay is excusable under Article VI hereof, the Contractor will not be required to take, or cause his Subcontractors to take, any action which would increase the overall cost of the Work (whether through overtime premium pay or otherwise), unless the Owner shall have agreed in writing to

reimburse the Contractor for such increase in cost. Any increase in cost incurred in remedying a delay which is not excusable under Article VI hereof shall be borne by the Contractor.

ARTICLE VI

Delays Beyond Contractor's Control

(a) If the Contractor fails to complete the Work in accordance with the Construction Schedule as a result of the act or neglect of the Owner, or by strikes, lockouts, fire or other similar causes beyond the Contractor's control, then, and to the extent of such delays, the Contractor shall not be required to pay liquidated damages to the Owner pursuant to Paragraph (b) of Article III hereof, provided the Contractor uses his best efforts to remedy the delay in the manner specified in Paragraph (c) of Article V hereof. If, as a result of any such cause beyond the Contractor's control, the delay in completion of the Work in accordance with the Construction Schedule is so great that it cannot be remedied in the aforesaid manner, or if the backlog of work is so great that it cannot be remedied without incurring additional cost which the Owner does not authorize, then the time of completion and the Construction Schedule shall be extended pursuant to a Change Order for the minimum period of delay occasioned by such cause. The period of delay and extension shall be determined by the Owner.

(b) Notwithstanding the foregoing Paragraph (a), no extension of time shall be granted for any delay the cause of which occurs more than seven (7) days before claim therefor is made in writing by the Contractor to the Owner, and no extension of time shall be granted if the Contractor could have avoided the need for such extension by the exercise of reasonable care and foresight. In the case of a continuing cause of delay, only one claim is necessary.

(c) Weather shall not constitute a cause for granting an extension of time.

(d) Except to the extent that a delay is caused by the Owner, the Contractor's sole remedy shall consist of his rights under this Article VI.

ARTICLE VII

Changes in the Work

(a) The Owner may make changes within the general scope of the Contract by altering, adding to or deducting from the Work, the Contract Sum being adjusted accordingly. All such changes in the Work shall be executed under the conditions of the Contract. No extra work or change shall be made except pursuant to a Change Order from the Owner in accordance with the General Conditions. Any claim for an increase in the Contract Sum resulting from any such change in the Work shall be made by the Contractor in accordance with the General Conditions.

(b) If the requested change would result in a delay in the Construction Schedule, the provisions of Paragraph (c) of Article V and of Article VI hereof shall apply. If the requested change would result in a decrease in the time required to perform the Work, the completion date and the Construction Schedule shall be adjusted by agreement between the parties to reflect such decrease.

(c) Any adjustment in the Contract Sum for duly authorized extra work or change in the Work shall be determined based on the unit prices previously specified, to the extent such unit prices are applicable. To the extent such unit prices are not applicable, the adjustment in the Contract Sum shall, at the option of the Owner, be determined by an acceptable lump sum properly itemized and supported by sufficient substantiating data to permit evaluation, or by an acceptable cost plus percentage or fixed fee.

ARTICLE VIII**Termination by Owner**

(a) If the Contractor is adjudged a bankrupt, or if the Contractor makes a general assignment for the benefit of creditors, or if a receiver is appointed on account of the Contractor's insolvency, or if the Contractor persistently or repeatedly fails, except in cases for which extension of time is provided, to make progress in accordance with the Construction Schedule, or if the Contractor fails to make prompt payment to Subcontractors for material or labor, or persistently disregards laws, ordinances or the instructions of the Owner, or otherwise breaches any provision of the Contract, the Owner may, without prejudice to any other right or remedy, by giving written notice to the Contractor and his Surety, terminate the Contract, take possession of the Work and of all materials and equipment thereon and finish the Work by whatever method the Owner may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Sum shall exceed the expenses of finishing the Work, including additional architectural, managerial and administrative expenses, such excess shall be paid to the Contractor. If such expenses shall exceed the unpaid balance of the Contract Sum, the Contractor shall pay the difference to the Owner promptly upon demand.

In the event of termination pursuant to this Paragraph, the Contractor, upon the request of the Owner, shall promptly

(i) assign to the Owner in the manner and to the extent directed by the Owner all right, title and interest of the Contractor under any subcontracts, purchase orders and construction equipment leases to which the Contractor is a party and which relate to the Work or to construction equipment required therefor, and

(ii) make available to the Owner, to the extent directed by the Owner, all construction equipment owned by the Contractor and employed in connection with the Work.

(b) Performance of the Work hereunder may be terminated by the Owner by giving three (3) days prior written notice to the Contractor if the Owner, in its sole discretion, decides to discontinue or suspend construction. In the event of such termination, as opposed to termination pursuant to Paragraph (a) of this Article VIII, the Contract Sum shall be reduced in an equitable manner by agreement between the parties. The Contractor will not be entitled to payment of profit on work not performed.

ARTICLE IX**Contractor's Liability Insurance**

The Contractor shall purchase and maintain in full force and effect the following insurance coverage with an insurance carrier acceptable to the Owner:

The policy shall be endorsed to cover the contractual liability of the Contractor under the General Conditions.

The Contractor and his Subcontractors shall procure and maintain during the life of this Agreement insurance of the types and minimum amounts as follows:

(a) Workers' Compensation in full compliance with statutory requirements of Federal and State of Missouri law and Employers' Liability coverage in the amount of \$2,000,000.

(b) Comprehensive General Liability and Bodily Injury

Including Death:	\$2,000,000 each occurrence
Property Damage:	\$2,000,000 each occurrence
	\$2,000,000 aggregate

The Owner's Protective Policy shall name the Owner as the insured. Certificates evidencing such insurance shall be furnished to the Owner prior to Contractor commencing the Work on this Project. The certificates must state, **"City of Ste. Genevieve, the Engineer and their Officers and Employees, are included as an additional insured as required by written contract under the General Liability Policy with respect to work performed by the named insured on the above listed project."**

STAFF REPORT Planning & Zoning Commission

June 1, 2023

Gabe Donze is requesting to rezone the following property from "R-1" Single-Family Residential to "R-2" General Residential.

Tract. #2: All that part of United States Survey Number 224 in Township 38 North, Range 9 East which is described as follows, to-wit: Beginning at a point in the East line of United States Survey 3253, same being the Southwest corner of that certain lot as was conveyed to Cyrus Wilson as is recorded in Book 51 at Page 238, Ste. Common Identification	Owner	Address	Parcel Id
51 Ste. Gen. Drive, Tract 2	David Kertz	4405 Slide Mtn. Dr. Reno, NV 89511	07-8.0-027-03-001- 0017.00

Currently, Tract 2 is .48 acres and is part of a larger .78 acre parcel. Tract 2 was previously part of the neighboring property at 659 St. Marys Road. Tract 1, in addition to several other properties along Highway 61, was re-zoned from R-1 to R-2 in 2010. At that time, Tract 2 (still part of 659 St. Marys Road) was not re-zoned. At some point between 2011 & 2017, Tract 2 was purchased from the neighboring property (659 St. Marys) and the existing parcel (Tract 1) was re-surveyed to include both tracts of land. At that time and since, the parcel has been dual zoned, partly R-1 & partly R-2.

Tract 1 has a building on it and is currently used as business offices and has been used for business office uses in the past also. This type use, classified as "B"usiness, isn't allowed in an "R-1" district, but some office type uses are allowed in an "R-2" district with a Special Use Permit, perhaps the reason for the re-zoning. However, since this building and use existed prior to zoning, it was and is considered "existing non-conforming" and continues to be so.

While the applicant, Mr. Donze, does not currently own the parcel, he has notified the current owner, Mr. David Kertz, of his request. Mr. Kertz has also signed the application for re-zoning.

The proposed future use of Tract 2 of the parcel, per the applicant, will be the construction of one or more duplex units, two-family dwellings. This is a "R"esidential use and is allowed within an "R-2" district. This re-zoning will also allow the entire parcel to be singularly zoned and better conform to municipal codes.

Extending an existing zone is an allowable and acceptable amendment to the boundaries of the established zoning districts. The purposes of our zoning ordinance, according to municipal ordinance and state statute are to regulate and restrict the location of industry and buildings, regulate and limit the height and use of buildings, regulate and limit the density of use and lot areas, and to regulate and determine the areas of yards and other open spaces surrounding such buildings. The City will still be able to accomplish these purposes were this re-zoning to be granted.
