CITY ADMINISTRATOR REPORT

February 27, 2025

1. We have 26 iPhones and 6 Androids who have downloaded our app from the App Store and Google Play. We are putting together a flier to send out to water customers to highlight the app, the emergency alert system, and the online bill pay offerings for water/sewer. Once we send that out we will supplement it with some additional marketing to increase those numbers.
2. The EV station at Main St. Park has been used on 17 different occasions by 6 unique drivers since last September. I've attached a dashboard report.
3. We received an "A" Stable for our S&P Rating as we bid out the \$10m General Obligation Bond due Thursday, March 13. The S&P said it reflects our history of stable performance and forward-looking management practices. Negatives are the low cash reserves, relatively high carrying charges, and limitations in the local economy. They expect pension costs to remain manageable.
4. We are up to 122 contacts in our emergency text/email notification system.
5. Bids are due next Tuesday for the concrete and asphalt Prop S street work in the city. Our plan is to review the bids and have them ready for approval on the March 13 meeting with work to begin in April/May.

Tourism Report

The News

Focus on French Heritage

- Starting to understand my time and energy limitations
- Our history is still most unique aspect to promote: our festivals are the most unique anywhere
- Going to spend my time helping to improve and promote La Guignolee, King's Ball, and FHF

King's Ball

- Just completed King's Ball
- I worked hard to help improve the decorations for the festival
- Attended by 360 people. Lots of younger people from St. Louis. Feeding off popularity of Bridgerton
- Should carry over well to FHF where we will host a ball as well.

Rebrand

- The Rebrand has been completed
- Gave a brand reveal party last night at Orris: was open to public, invited nearly 90 business owners and organization heads including our state representatives.
- it's a big step in aligning everyone under the same mission. Is the basis of what we serve and how we serve it. Will help us add services and resources for businesses for continued alignment.
- Since we used a St. Louis company, St. Louis Magazine is releasing an article this weekend on our brand. That factored into why I chose Blacktop Sailor

Commercial

- finished the commercial this past weekend as well
- includes our new branding
- sets the stage for people to enjoy all we offer throughout the county and to focus on decompressing while here

Website/Visit Widget

- We are going through last revisions/adding new branding elements
- Used Visit Napa as a template

Missouri Main Street Connection

- TTC has agreed to restart our city's participation in Missouri Mainstreet
- organization that helps revitalize downtowns through economic development in the context of historic preservation.
- this will help us build a blueprint for addressing our visitor experience and give us an umbrella organization that will not only help us stay on track for our goals, but will hold us accountable to those goals. We need that discipline.
- The community puts up \$13,000 to receive \$40,000 worth of professional services that will help us get our downtown revitalization projects shovel ready and find us funding opportunities. TTC has pledged \$6,000. The Chamber of Commerce and Downtown Ste. Gen have each pledged \$1,000. That means we only have \$5,000 to go. We're hoping some of our downtown partners who stand to gain the most pitch in to cover the rest.

USA Today

- Ad Space in Midwest Travel edition
- distributed heavily throughout Midwest
- advertising with a large national brand to target people within a 5 hour driving range from us

Continuing Projects

- Mo Humanites Small Town Showcase

- Website Launch
- Missouri Main Street Connection
- Visit Widget Ste. Genevieve App
- RTCA Grant through NPS (Due in March)
- French Heritage Festival

SAFETY

In January, we covered Personal Protective Equipment (PPE) in the workplace, The training covered what is required to be worn on different jobs. It explained why safety glasses must be stamped Z87, which is standard for shatterproof lenses. The PPE must be supplied by the employer, but it is the employees' responsibility to wear it.

OPERATIONS BY THE NUMBERS

MEASURABLE	MONTHLY TOTAL

Water Bill Disconnects	0
Mower Hours for Parks	0
Playground Equipment Repairs	0

WATER TREATMENT

- A poly line in the chlorine room was replaced with new fittings at both ends. The line became brittle over time with the atmosphere.

- The materials are ordered for the office in the electric room. We will begin the construction on it asap.
- Equipment Pro was given the ok to get the parts ordered for filter #1. This will get the 4 valves working so a backwash can be done on it.
- We replaced a valve on filter #3 and it is working. I have pricing coming to replace 4 more valves on filter #1 that if it works, will save the city \$100,000+.

WASTEWATER TREATMENT

- The garage heater went out and the parts have been ordered for it.
- The flow meter is back up and running. We also calibrated it while making the repair to it.
- Metal has been ordered for the ditch diverter to be repaired. It has rusted through over time.
- We replaced the inside pillow block bearing on the north rotor. We had a bearing in stock to replace it.

WATER DISTRIBUTION

- We had a valve on Progress water tower crack during the cold weather. There was heat tape on it, but the tape failed. We replaced the valve and the tape.
- We had a 4" main break on 3rd Street..
- We ran a new service line from the main on North 3rd street. It was a lead service.
- We had a 6" water main break @ St. Jude and Ste Genevieve Drive.
- We had several calls about frozen meters that we went out and thawed.
- I gave Happy the water line project pricing that we will be doing out on Pointe Basse. After talking with Cochran Engineering, we came up with a more cost-effective way to fix it.

SEWER COLLECTIONS

There were no sanitary sewer overflows (SSO) for the month.

- The uv pit drain is clogged. We are going to camera it and get a plan together to get the drain repaired.
- Routine jetting was completed for all areas.
- We met with a homeowner on Center Drive to locate her sewer lateral and discuss with her if she can relocate her line.

STREETS

- We had a couple ice and snow events last month. We had several hours of plowing and cleaning the streets. We also spread a significant amount of salt, sand, and calcium to help clean the streets.
- The downtown streetlights were changed back to the original lighting.
- Truck, equipment, and shop cleanup played a big part last month.
- The remodel is nearing completion in the office area.
- The red shed has been getting cleaned up on Front Street. It has been a catch all for several years.

PARKS

- The playground equipment is completed and we are awaiting shipment.
- Park staff has been assisting the street department in their daily operations.

EQUIPMENT

- We had a bucket cylinder start leaking on the old backhoe. We ordered a new rebuild kit and rebuilt it ourselves. This was completed so we could continue to use the old backhoe to load salt instead of the new one.
- All the trucks, equipment, and shop floor were washed and treated with "Salt Off". This is a chemical we use to neutralize the salt for better cleaning to help prevent premature rust.
- The new dump trucks worked great. We had one small issue with the lights on the plow, but we tracked it down and fixed it.
- We had to replace a solenoid on one of the pickups after the plow controls quit working.
- We replaced 3 batteries in the tanker truck that we use to get the lime for water treatment.

Snow Events Report

2/16/2025- 2 guys @ 3 hours each

We used 5 tons of salt.

2/18/2025- 6 guys @ 2 hours each

2/19/2025- 5 guys @ 10 hours each

We used 18 tons of salt total between the 2 days

**MINUTES OF THE
STE. GENEVIEVE BOARD OF ALDERMEN
WORK SESSION
JANUARY 23, 2025**

The work session of the Ste. Genevieve Board of Aldermen was called to order by Mayor Brian Keim at 6:10 p.m. with the following members present:

Alderman Bob Donovan
Alderman Joe Prince
Alderman Eric Bennett
Alderwoman Amie Dobbs

Alderman Mike Raney
Alderman Jeff Eydmann
Alderman Joe Steiger

Absent: Alderman Patrick Fahey

APPROVAL OF AGENDA. A motion by Alderman Eydmann, second by Alderman Prince to approve the agenda as amended. Motion carried 7-0-1 with Alderman Fahey absent.

BUSINESS ITEMS.

- **GENERAL FUND CHANGES IF FIRE DISTRICT IS APPROVED.**

Discussion occurred regarding the possibility of the City offsetting some of the tax burden of the residents by reducing either the public safety tax commensurate or voluntarily rolling back the general revenue tax when the tax rate ceiling is approved. The purpose is to offset what residents would be paying for the Fire District Tax if it passes in April. After discussion it was noted that the best way would be rolling back the general revenue tax when the tax rate ceiling is approved for approximately the same amount that is put in general revenue for the fire department each year. This would only be done if the Fire District tax passes on the April ballot.

- **ASSET AGREEMENT WITH POTENTIAL FIRE DISTRICT.**

The board discussed the probability of leasing the fire department building to the fire district which would require an agreement between the City and the Fire District if the tax is approved by voters in April.

- **MCBRIDE AGREEMENT.**

A motion by Alderman Bennett, second by Alderman Donovan to go into closed session to discuss RSMO Section 610.021(2) Leasing, purchase or sale of real estate. Motion carried 7-0-1 with the following roll call vote: Ayes: Alderman Bennett, Alderman Donovan, Alderwoman Dobbs, Alderman Raney, Alderman Prince, Alderman Steiger and Alderman Eydmann. Nays: None Absent: Alderman Fahey 7:34 p.m.

ANY OTHER BUSINESS. None.

ADJOURNMENT. With no further business Mayor Keim adjourned the work session at 8:35 p.m.
