Re: H/C Parking Request

Issue:

The owners of Le Techniques salon have requested 50' of the south side of Merchant Street, along their building, be designated for handicapped parking (designated by the orange line below). Some of their customers are parking in front of a driveway next door (20 S Main St.) in order to use the driveway curb cut to access the sidewalk. The sidewalk on the Merchant Street side is accessible at the intersection of Main & Merchant.

Recommendation:

Review request and determine if you want to add H/C street parking in this location.

Re: Stop Sign addition requests

**Issue:**

We have received requests to place additional stop signs at the following locations:

- Jefferson & 9th (request for 3-way stop vs currently stop on Jefferson only)
- Washington & 6th / 7th (also requests for 3-way stops)
- Maple & Virginia (request to add 3rd stop sign at SG ECC entrance/exit)

Recommendation:

Review requests and determine if you want to add these locations.
